VISUAL GUIDE

My experience at the UCD Festival

I am going to UCD to have fun at the UCD Festival.

When I get there, there will be decorations like big flags. There will also be tents and benches.

There will be lots of people and noisy places.

There will be quiet places too.

I can sing and dance to music on the stage.

There will be science activities for me to do if I want to.

I might meet JJ the swan, the UCD Mascot

Some of the activities will be loud. If I get scared, I can tell my parents or the people I came with.

There will be a sensory bus where I can try different activities. There will be things I can touch, look at and play with.

The Old Student Centre will have a special sensory space and other activities I can try.

There will be big queues for some activities and food, but if I have my lanyard/card to show I am neurodivergent, I can skip the queue if I am feeling stressed

Some of the volunteers will be there especially to help me.

There will be storytelling...

And colouring.

There will be a silent disco which I can try if I want.

There will be a dedicated sensory friendly screening of “Minecraft” at 11:00am in the UCD Cinema.

If I want to, I can get my face painted.

There will be people wearing costumes.

There will be food to buy...

Or I can bring food from home.

If I need help, I will talk to a volunteer. They will be wearing t-shirts that say “Event Crew.”

Some volunteers will also have a sticker on their tee shirt that looks like this. They will be extra helpful for people with sensory needs.
